"I want to take a quick moment to thank you again for coming into my life. We just had our Century 21 awards banquet last night and it was fabulous!! We were the #1 office in Gross Closed Commissions for 2004. We certainly couldn't have done it without you. I truly appreciate the wealth of knowledge you have passed on to me and our agents. We anticipate an even better year for 2005!!

This "stuff" really does work!!

Thank you."

Camille,

This is working in my personal life too. The abundance of income isn't as great, but I feel it coming. Before your 4 hours seminar, I knew I had enough money to pay my bills for three months. I was a bit worried on how I was going to make it through the winter. After your seminar I realized that I have NEVER not had a designing job in progress. Something is always in the works. I need to stop worrying and START LIVING! I have received a few good jobs since the seminar. I have contacted one builder with my idea of using my services to make him different with his competition and help him service his clients' needs better. I would be paid on a commission basis. I would also benefit by meeting more potential clients for other products, I would be earning money by working with them through the builder, and the customers would be thrilled to have such personalized service.

So far this builder is not biting. I am not giving up! There are many more builders in this area and in large cities it is the norm to have a designer on staff. I KNOW this will work!

Thank you so much for your boost to my self-esteem!

Sincerely,
Pam Schindlbeck

"It (Wealth for Women) has changed my overall view of who I am and what I am doing. I am determined and committed to avoiding the pitfalls that I bought into in the past. This approach, from a woman's point of view was very meaningful for me. I want to pass this on to other "wonder women" back home. Thanks so very much."

"Wow... this (Wealth for Women) is an entirely new and powerful outlook on just how incredible my life can become..."

I finally have a chance to let you know that in addition to an absolutely wonderful class this past weekend (Wealth for Women), I read your book, "7 Simple Secrets for Successful Selling". It was fabulous! It is everything I have been trying to practice and tell my agents since we opened. I'm so glad I bought one for every one of them. Thank you!!! It's been ideal!"

Suzanne Riley - Century 21 Real Estate Broker

"I was so excited to attend this seminar (Wealth for Women) because I felt I was doing something for "me". It is a great gift to myself and I feel the push forward already. The work is up to me to feed my mind continually from this point on."

"Thank you again for yet another amazing session. This CBA (Conceive, Believe, Achieve) program is brilliant. It has really helped me understand why I do what I do and how I am, plus how I can attract anything I want! It's put together brilliantly in such an easy to follow manner - love it."

"Dear Camille,

Who knew? One of us was new to real estate sales, and one of us was "tired" after 20 years of real estate sales. We took your class in January 2004, having no idea what to expect. It was after your class we decided to team up. We found courage, excitement and enthusiasm that we had no idea was in us. Small changes really do produce HUGE results. One idea resulted in a \$4.2 million dollar listing that sold within 30 days!! We just found out that we have won the Century 21 Centurion Award for 2004. We can't wait to see you in your January 2005 class!

Gratefully yours,

"This is life changing information. I know with confidence that if I use this material as it was intended I will reach all my dreams by helping others to achieve their dreams!"

"Thank you for the seminar last night (Inside Secrets Tele -Seminar), it got me thinking. I had a good talk with myself this morning in my 1/2 hour walk. I asked myself a few things and had time to really think about it. Your seminar for Century21 is the reason I have been walking for 5 weeks now. I take a 1/2 hour out of my morning before I start working to walk. I have put that as a #1 priority in my day. I listen to motivational tapes during the walk and feel wonderful. ! I haven't eaten any junk food and I am eating three meals a day which I've never done before. I have new thoughts on my weight reduction , so I am sure I will be successful, this time. Thank you."

"The past 6 days have been an extraordinary experience of growth, revelations and wisdom. Each day I went home inspired and elated by the understanding I had attained and I know these will have an everlasting impact on all areas of my life, relationships and business."

"I am a carpenter/ builder with my own small construction company. I meet a diversity of people from all walks of life on a daily basis and from my experience there are so many people in the greater community who are searching for the answers to why they are getting the same results in their lives, year after year. If only they could recognize why they are getting their results, they could change them. This material has and will bring enlightenment to the world. Thank you!"

"What a difference a 3 day seminar can make, it stretched my way of thinking that I couldn't have imagined. In just that short time practicing the knowledge attracted me to some people that gave me valuable advice in the goals I was working on. An awesome, moving seminar, rather... education!"

Dear Camille,

"Wellness Workshop IV was received with whole hearted enthusiasm by our 9th graders with an almost unanimous request that more time and more opportunities for just this kind of openness and small group discussion.. The

interest of Paul Oliver Memorial Hospital Women's Auxiliary in this type of educational outreach is truly exciting. Maybe our dream of continuing mini -workshops and small discussion groups throughout the school might indeed become a reality. Heartfelt thanks for your high level of commitment and professionalism plus your special expertise in the health field. You've created such authentic opportunities for these young women to address in confidence and trust those issues closest to their hearts.

Thank you for your most loving gift of time and interest on behalf of the Wellness Workshop Program.

Personally I am deeply grateful to you.”

Warmly,

“Camille -After attending your Conceive, Believe, Achieve Seminar and your Wealth for Women Seminar, I seriously think this material is SO fantastic that it is absolutely necessary to immediately present it to children. It certainly could help kids of all ages, but I think those that are at the 9th and 10th grade level need to be given priority. The "basics" of giving, and caring and believing need to be taught to children. It needs to be taught in a classroom setting. And you should be teaching it because you do such a fabulous job of it. Your humor and straightforwardness make it easy to stay interested and easy to enjoy. I feel that teachers will gain so much from these programs as well. Once they get inspired, it'll be easier for them to inspire the youngsters throughout the year. I've loved these classes so much that I signed up our office of 20 to attend and asked my husband and step-son (age 17) to join us. We immediately set some new goals for ourselves afterwards and we encouraged my other step-son (age 14) to put together a goal poster of his own. The goals are working for all of us! And it also helps us participate in each other's' lives and work towards things ... together!!! I believe that if we can implement your programs into our school system, I think this world could be a much better place. Thank you for everything you have brought to my life and my family's life.”
